**F**or **Sonic** and **The Freedom Fighters** it began with another routine mission into **Robotropolis** with the usual objective: the total defeat of the evil **Dr. Robotnik** and deliverance of their people from his tyranny. Unfortunately, their plan went wrong, due to the apparent treachery of **Sonic The Hedgehog** as he sent **Princess Sally** to her doom in full view of everyone.

As **The Freedom Fighters** attempted to deal with their grief over these past events, **King Acorn** imposed **Sonic** to a life sentence on the prison island known as **The Devil's Gulch**. While en route, the vehicle carrying **Sonic** and one other **Freedom Fighter** traitor was shot down, providing **Sonic** with a means to escape and attempt to clear his name.

Outraged, **King Acorn** dispatched his most capable warrior, **Captain St. John** to hunt down the hedgehog at all costs. Accompanied by his lieutenants and a couple of **Thraexian Devil Dogs**, **St. John** was soon hot on the trail, following the elusive hedgehog deep into the caverns near the crash site.

Unbeknownst to **St. John** or any of **The Freedom Fighters**, **Robotnik** unleashed a massive plan of treachery and deceit. It left everyone to wonder whose side anyone was on, especially when their beloved **King Acorn** delivered them into the hands of their greatest enemy.

While **The Freedom Fighters** struggle with their predicament, **Sonic** has been cornered right into the thunderous mouth of **Angus Falls** without any option in sight -

Dear Sonic-Grams,

I'm dropping you a line to give you my compliments on the series lately. I really enjoy the way the stories seem to carry over more from one issue to the next, no longer limiting themselves to one issue. Especially since King Acorn's return.

I'd like to point out that I'm twenty-three years old and a dedicated reader. While I do understand that you have many, many young readers... there are also many older readers like myself who read SONIC and KNUCKLES month after month. Just thought you'd like to know.

Brian King  
Whitemire, SC

Oh, mah stars and garters. It's little ol' me... Bunnie Rabbit. The *Devonians* Freedom Fighters and Antoine are comin' up with a plan while ah answer your letters this month. Thanks for your generous compliment, dear sir. Our editorial staff try to keep a loose — what's that word again — continuous goin' in the books since the King's return. Why? Cause every issue brings its own little surprises and affects everybody in Mobius month after month.

Dear Sonic,

I watch SONIC on USA Network's Cartoon Express. I have a few questions: 1) Why does Sally kiss you and hug that skunk dude (Geoffrey St. John) in issue #43? 2) In SONIC QUEST #3, you used Silver Sonic's robot body to fight Robotnik. How is that possible when you fried it? 3) What is Dr. Robotnik's first name: Ivo or Julian? 4) If the Floating Island has only one

chaos emerald, how could Robotnik steal two emeralds in the SONICQUEST series? I gotta' bust, cuz'!

Steven Cash  
Oxford, NC

Hey Sugah, what's shakin'? 1) Ah don't like St. John any more than you do... but you gotta' admit he's a punk and a half. 2)As far as ah know, Sonic fried Silver Sonic's memory banks, deleting its programming to hurt Sonic and turned it to Robotnik. 3) Robotnik's first name is Julian. Ivo is his family name who he now takes as his first after adopting the name Robotnik. 4) In SUPER SONIC VS. HYPER KNUCKLES #1, Knuckles got a second emerald the keeps as a spare.

Dear Sonic-Grams,

First I'd like to congratulate Spaz and Manny Galin on their awesome artwork and servo on the incredible SONICQUEST #3. 1) Did Carl Cooper make an appearance before SONICQUEST #1? 2) Is Knuckles ever gonna get his own comic? He deserves one. 3) Is Archimedes a part of the Chaos? So until Sally starts going out with Robotnik.

Knowlton  
Dolton, CA

Even if ah speak, Spaz, Manny and Harro are makin' their bows. Or thanks. 1) No, Julian was Sally's mentor (Geoffrey). Her cousin Boris was (and at times still thinks she is Sally's enemy. Julian passed away in SONIC #18. 2) No, that was his first appearance. 3) And Red really did it. He got his own book. Read the editorial for more details. 4) Ah think so.

Dear Sonic and Co.,

The Death Egg Saga was hilarious! I laughed all the way through, especially the part where Antoine gets lost... and Snivopolis! I thought you guys did a wonderful job. 'Til issue 100!

Kendra "Kat" Kountz  
Kilex

Thanks for your compliment on these issues. It was definitely an interesting experience (except when Sugah-Ivan had us going around in circles).

Hey, Team Sonic,

Here it is... a Mitchell. Really should pass away. Whether she comes back or not (you know how comic book death works after all...) is up to you, but you can only avoid real-life topics so long before it gets stale. Anyone who doesn't agree can watch Barney. As for me, I'll still look forward to another issue of Sonic, no matter what. I read it because it's a comic book, remember?

Keri Vines  
kicks@gwn.org

Keri is one opinionated gal ah could look up to. Thanks for sharin' your jokes with us, sugah.

Check out the next issue. It starts with SONIC and ends with the number fifty. All this and a computer-rendered cover by you know who. You'll be kickin' yourself if ya miss it. So don't. Y'all come back in thirty days, ya' hear?
